I really like this game and the whole drunk concept. Good cute graphics and i love the sound track. Really fits the game. Think of a drunken frogger like game. Needs just a few little tweaks here and there and it will be perfect. Game hung up a few times after playing it for awhile but nothing major. I would like to see some holiday dlcs for this game. Halloween, Christmas etc. How about a drunk Dracula and Santa? Haha and a few drunks sitting outside the pub just for fun. Also you really need a controller for this game. Its not happening with a keyboard. Anyways i hope the Devs keep working on this game. Its a lot of fun and i plan on playing it a lot more this weekend!! :)
